

Hotwater Suits

Evolution 8 Hotwater Suit

The suit is based around a unique heavy anodized aluminium water distribution valve, with its unique 360 degree stainless steel quick connector.

* **Boots & gloves not included**

Hotwater Undersuit

This undersuit is used both by commercial divers with our specialist Evolution 8 Hotwater Suit and as an extra layer of thermal protection for colder drysuit dives.

Hotwater Boots

High grade 5mm neoprene
High cut of the boot ensures the hot water is trapped within the suit and the boot
Keeps the diver warm and comfortable
Worn in conjunction with the Hotwater suit.

5mm Hotwater Gauntlet Kevlar® Gloves

Specific integration and use with only the Northern Diver Hotwater suit.
Manufactured from 5mm neoprene with Kevlar® reinforced palms and fingers.

Hotwater Service Kit

A service kit for the Hotwater manifold.
The manifold should be serviced every 3-6 months, or yearly if used less than once a year.
